

June 15, 2010

Dear Noble's Restaurant Friends and Family,

Our restaurant in Charlotte opened in 2000, and has been a Charlotte institution for fine dining, excellent service, and a warm atmosphere of celebration and enjoyment for friends and family ever since. We at Noble's believe in this, live by this, and want to continue this tradition in Charlotte at Noble's Restaurant for years to come.

With the passing of time comes change, and it is a season of change at Noble's. We are proud to introduce the new Noble's Restaurant. The cuisine and service that you have come to expect from us will be the same, but in a new location in Charlotte. We are moving from our current location in Morrocroft in August of this year. We are still working on the details of the new location, and we assure you that we will announce the new Noble's Restaurant in Charlotte at the earliest possible moment. Our search continues to find the best location for Noble's Restaurant, and our last toast to the current Noble's Restaurant is planned for August 21.

You, our loyal patrons, are like family to us, and we look forward to serving you at the new Noble's Restaurant. Please make reservations now for dining through August in our current location, as we toast the old and welcome the new. Noble's Restaurant Group is also happy to continue offering catered experiences for your every need throughout the year so please do not hesitate to call and discuss your entertaining needs. We will continue our tradition of excellence, and look forward to continuing to serve you.

The summer of 2010 will be a time of celebration, with many exciting events on the Noble's calendar. Take a look at our [June calendar](#) for a sneak peak of what is to come [this summer at Nobles](#). Plus, call us to make your reservations NOW for our [Summer Wine Dinner](#) on Friday, June 25th, and our "Toast to Noble's" Event on Saturday, August 21st. We are finalizing the details and will have more information on the website in the coming days.

These are not the only events we are scheduling this summer. Be sure to check our website (<http://noblesrestaurant.com>), Facebook (<http://www.facebook.com/NoblesCLT>) and Twitter (<http://twitter.com/noblesclt>) pages for more information on the ways that we plan the 2010 Noble's celebration!

Thank you for your continued support.

Sincerely,

Chef Jim Noble
